How?

Think about:

- ✓ Making sure you get GCSEs in the following subjects: Maths, English Language, either a Science or a Foreign Language, and 2 A Level passes grades A-E
- ✓ Entering the Armed Forces at Officer level - 90% of cadets at Sandhurst are university graduates

Think Languages:

“An ability to speak languages within the armed forces makes an individual indispensable in many situations. An understanding of language at any level will aid communication. Before operations all soldiers receive basic language training in the target language of where they are deploying to, for example Pashtu in Afghanistan. A knowledge of how to learn languages enhances this training.”

- Lieutenant Peter Gordon-Finlayson,
1st The Queen's Dragoon Guards
